**STATUS REQUEST**

Dear Sir:

The PTO apparently issued a Notice of Panel Decision on July 30, 2009 from Applicant's Pre-Appeal Brief Review. Correspondence of the Notice of Panel Decision was not received and six months passed without a response. The Examiner called Applicant's representative after six months, at which time Applicant's representative expressed the intention to pursue the application, by revival if necessary. However, the Examiner did not abandon the application. It is unclear whether the application will subsequently be considered to be abandoned as of the six month date. In the alternative that this application is considered to be abandoned, this paper should be considered a Petition to Revive an unintentionally abandoned application under 37 CFR 1.137(b) and the petition fee may be charged to Deposit Account No. 50-1482 in the name of Carlson, Gaskey & Olds. The entire delay in filing the required reply from the due date for the required reply until the filing of a grantable petition was unintentional. In the alternative that this

application is not considered to be abandoned, Applicant files its Reply Brief on the same date herewith.

Respectfully submitted,

/Matthew L. Koziarz/
